**BECOMING WILDERNESS: NATURE, HISTORY, AND THE MAKING OF ISLE ROYALE NATIONAL PARK.** 2011. AMALIA THOLEN BALDWIN

Explore the little-known back-story of Isle Royale's twenty-year journey from a largely unknown island in Lake Superior to the nation's first wilderness national park. Author Amalia Baldwin reveals the complex interplay of people, politics, and the evolving concept of wilderness behind the story that has been told of the park's formation. 90 pp. (6 in. x 8.75 in.) Softcover. \$12.95.

**EXPLORING MICHIGAN'S HISTORIC COPPER COUNTRY.** 2011. CELESTE HAAPALA

Visitors and residents alike will appreciate this tour of copper mining in Michigan's Upper Peninsula from prehistory to the waning days of the 20th century. Woven into the story are Keweenaw National Historical Park and nineteen Keweenaw Heritage Sites that offer glimpses into the region's past. 48 pp. (8.5 in. x 5.5 in.) Softcover. \$7.95.

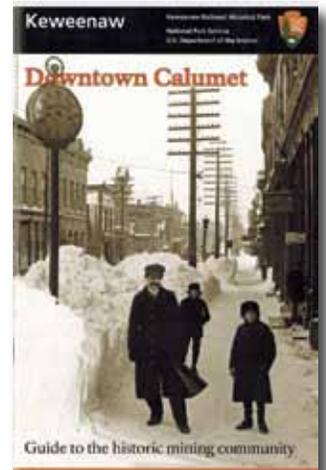

**ISLE ROYALE: A PHOTOGRAPHIC HISTORY.** 1995. THOMAS P. AND KENDRA L. GALE

Revisit a vanished Isle Royale through a collection of photographs and other images, taken from 1868 to 1951, primarily from commercial fishing families and summer residents. This album of 150 photos weaves in text and captions that vividly recount the island's history and stories of the people who worked and played here. 149 pp. (11 in. x 8.5 in.) Softcover. \$29.95.

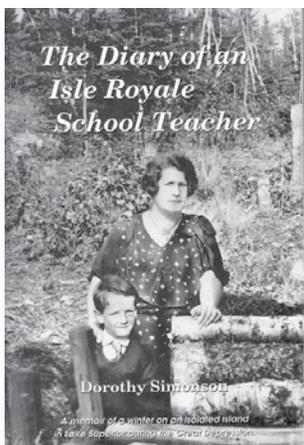

**DOWNTOWN CALUMET: GUIDE TO THE HISTORIC MINING COMMUNITY.** 2011. NATIONAL PARK SERVICE

Keweenaw National Historical Park's official walking tour guide for downtown Calumet, Michigan, takes you on a journey through the history and heritage of this historic mining community, with information and stories about 26 buildings and sites. Fold-out map. 20 pp. (5.5 in. x 8.5 in.) Softcover. \$1.50.

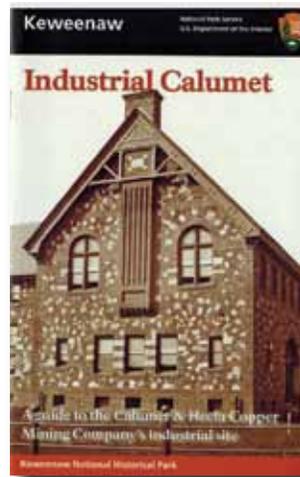

**THE DIARY OF AN ISLE ROYALE SCHOOL TEACHER.** 2013 (5TH PRINTING). DOROTHY PETERMANN SIMONSON

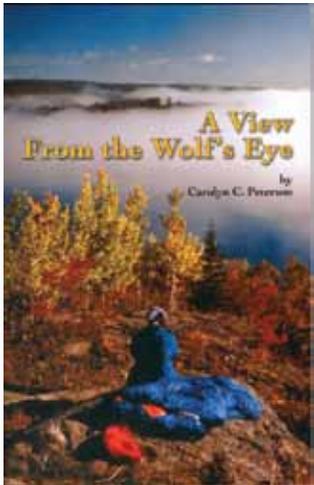

First published in 1988, this perennial favorite shares the joys and hardships of a winter spent on Isle Royale. Dorothy Simonson's journal, edited by son Bob who spent that winter with her, recounts with honesty and humor the challenges she faced during eight months teaching a Chippewa Harbor fisherman's family in 1932-33. 138 pp. (5.5 x 8 in.) Softcover. \$12.95.

**INDUSTRIAL CALUMET: A GUIDE TO THE CALUMET & HECLA MINING COMPANY'S INDUSTRIAL SITE.** 2011. NATIONAL PARK SERVICE

Keweenaw National Historical Park's official walking tour guide to the former surface operations of the Calumet & Hecla Copper Mining Company in Calumet, Michigan. The guide assists visitors in walking around the site by providing descriptions of 26 remaining structures and their past functions. Includes a fold-out map. 12 pp. (5.5 in. x 8.5 in.) Softcover. \$1.25.

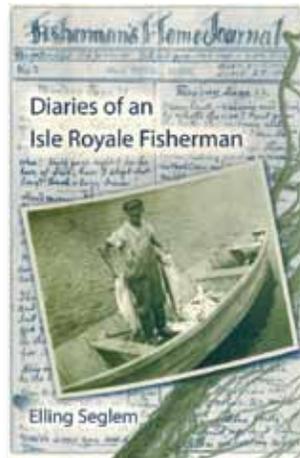

**A VIEW FROM THE WOLF'S EYE.** 2008. CAROLYN C. PETERSON

Candy Peterson's story of 37 summers spent on Isle Royale, a National Park wilderness in Lake Superior, as wife and assistant to renowned wolf/moose researcher Rolf Peterson. Living in a rustic cabin, she emerges as a woman equally competent to skin a dead moose and bake a rhubarb pie, to carry a heavy pack behind her husband and to wash diapers in a metal tub over an open fire. Her memoir is instructive, uplifting, and inspiring. 102 pp. Softcover. (5.5 in. x 8.5 in.) \$12.95.

**DIARIES OF AN ISLE ROYALE FISHERMAN.**

2002. ELLING SEGLEM

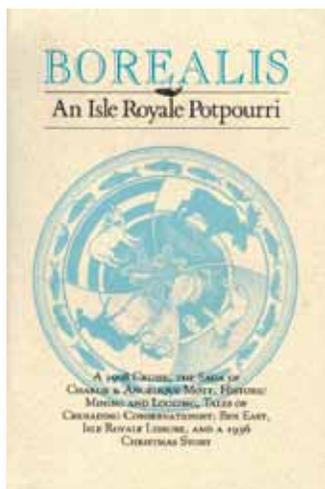

Edited by Robert Root and Jill Burkland, this book reproduces the journals and correspondence of Elling Seglem, who fished from Fisherman's Home Cove on Isle Royale between 1917 and 1932. A photographer during the winter, Seglem was extremely creative in designing and illustrating newspaper-format letters home to his family in Chicago with photos and cartoons. 185 pp. Softcover. (5.5 in. x 8.25 in.). \$12.95.

**BOREALIS: AN ISLE ROYALE POTPOURRI**

1992. DAVID HARMON, EDITOR

Seven stories of the people who helped shape the history and legends of Isle Royale, including Siskiwit Bay logger Jim Wynne, reporter and national park promoter Ben East, and Charlie and Angelique Mott, who were left to fend for themselves over a long winter. Also includes Lawrence Rakestraw's "Historic Mining on Isle Royale." 100 pages. Softcover. (6 in. x 9 in.) \$9.95.

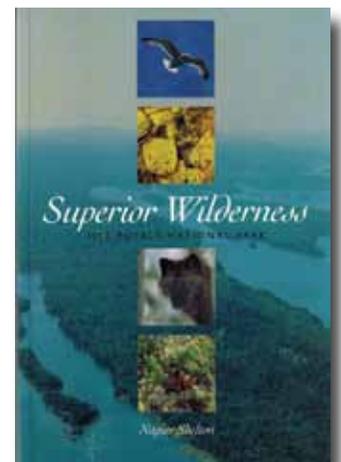

**Out of Print**

**SUPERIOR WILDERNESS: ISLE ROYALE NATIONAL PARK**

1997. NAPIER SHELTON

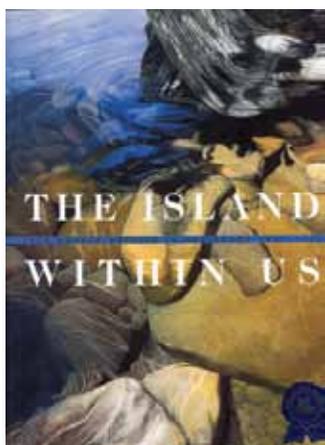

A natural history of Isle Royale for the non-scientist. This very readable book reveals the unfolding story of this unique island ecosystem, emphasizing the delicate relationship between its plants, animals, climate, and geology. Beautiful color photographs throughout. 176 pp. Softcover. (5.5 in. x 8 in.) \$16.95.

**THE ISLAND WITHIN US: ISLE ROYALE ARTISTS IN RESIDENCE 1991-1998.**

2000. ROBERT ROOT AND JILL BURKLAND, EDITORS

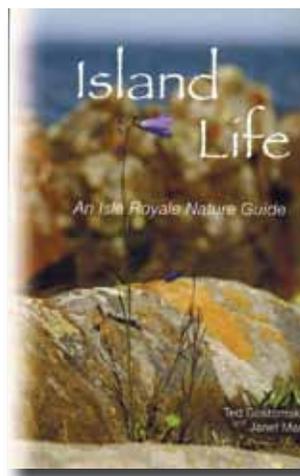

The work of 34 Isle Royale Artists in Residence collected in a beautiful coffee table book of paintings, drawings, photographs, poems, essays, and musical compositions. In their accompanying essays, the artists tell the stories of their residencies and reflect on how their experiences have re-shaped them and their art. This exquisite oversized book includes 65 beautiful full-color reproductions. Introduction by Robert Root. Winner of a 2002 National Park Service Excellence in Interpretive Media award. 120 pp. (9 in. x 12 in.) Hardcover \$45.95. Softcover \$29.95.

**ISLAND LIFE: AN ISLE ROYALE NATURE GUIDE.**

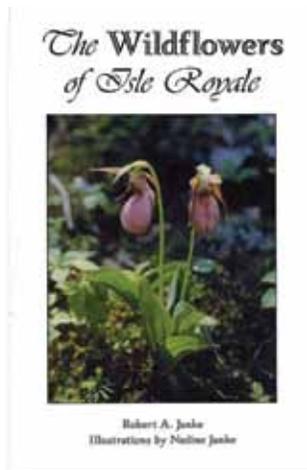

2007. TED GOSTOMSKI AND JANET MARR

A complete Isle Royale nature guide that describes all the common flora and fauna of the island in a full-color, compact book. *Island Life* provides park visitors with answers to many "What is that?" questions, providing a handy way to identify and appreciate the island's mammals, birds, fish, reptiles, amphibians, trees, shrubs, ferns, and wildflowers. Information about natural communities includes lesser-known residents: mussels, sponges, lichens, fungi, mosses, and liverworts. Perfect for your backpack or bookshelf. 168 pp. Hundreds of photographs and illustrations. (5.5 in. x 8.5 in.) Softcover. \$19.95.

### THE WILDFLOWERS OF ISLE ROYALE.

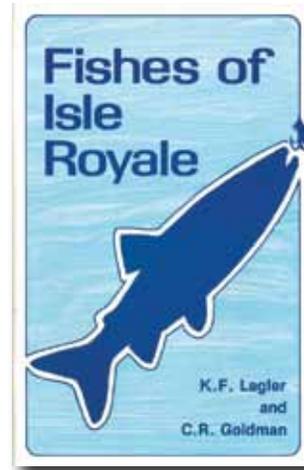

1996. ROBERT A. JANKE. ILLUSTRATIONS BY NADINE JANKE.

Revised in 1996 from the 1962 first edition, this compact but complete guide to the wildflowers of Isle Royale includes entries on 101 flowering plants, each with a paragraph of description and a large pen and ink drawing. Robert Janke was an Isle Royale ranger-naturalist from 1954 to 1973 and professor at Michigan Technological University for more than 40 years. 96 pp., 15 color photographs. (5.5 in. x 8.5 in.) ## KEWEENAW NATIONAL HISTORICAL PARK POSTCARDS/TEXT.

**C & H Stamp Mill ca. 1890s.** The Calumet & Hecla (C & H) stamp mills operated from 1868 to 1946. The mills used heavy stamps and grinders to break mine rock into fine pieces. Other machines then separated the heavier copper particles from the lighter rock. Water carried the copper and rock from machine to machine. From the mill, the copper was sent to a smelter where it was melted and poured into ingots. C & H mill remains can be found in Lake Linden near the Houghton County Historical Society property. Photographer Adolph F. Isler. Keweenaw National Historical Park Archives, Jack Foster Collection.

**Calumet's Fifth Street - March 20, 1899.** Fifth Street in the town of Calumet (formerly Red Jacket), Michigan was the social heart of the Calumet & Hecla copper mining district. Today this street is a designated Historic Landmark District within the boundaries of Keweenaw National Historical Park, and still serves as a downtown business area. Calumet is also known for its large snowfalls, as seen in this photo. Photographer - Adolph F. Isler. Keweenaw National Historical Park Archives, Jack Foster Collection.

**Miners with Mass Copper - Quincy Mine ca. 1925.** Miners operate a pneumatic chisel on a mass copper piece. Mass copper had to be blasted from the rock and then cut into smaller pieces. Prior to 1906, the task of cutting mass copper was done by hand, using sledges with special chisels. Photograph by N. A. Eilertsen. Keweenaw National Historical Park Archives, Louis Koepel Collection.

**Quincy "Men on Roof."** During construction of the No. 2 Hoist House, workers had a bird's eye view of the Portage Canal and Lower Pewabic company housing area. The Hoist House was completed in 1920 at a cost of \$371,000, and housed the Nordberg Hoist. The installation of the hoist enabled the Quincy Mining Company to raise rock from 9,260 feet below the surface, the deepest mine shaft in the world at that time. Photographed by Engineer Ray W. Armstrong. Keweenaw National Historical Park Archives, Louis Koepel Collection.
